1 of 2 Goto 2

Question 1

Is a mandatory question and has the following options

Mnemonic	Responses
CLI	Client Initiated Request
EDS	ED Suboxone Induction
POD	Post OD Follow Up

Question 2

Verify the best number to contact a client. This is formatted to convert straight numbers (6045559898) to a standard format (604)555-9898

Question 3

A comment that allows the referrer to put in a time or a comment (e.g. after 7pm)

Question 4

The question of "THN Provided" will default to "No" but allows the user to delete the entry and choose from a selection:

Mnemonic	Responses
Dec	Patient Declined
No	No
Yes	Yes

Screen 2

A comment section for the user to enter relevant information to the referral.
